Mushroom Basics

**Shop and Save**

- Fresh mushrooms may be available in bulk or pre-packaged for about the same price per pound. Bulk lets you select the amount and size you need.
- Fresh mushrooms should feel relatively dry and firm. Avoid dark spots.
- The stronger the sweet, earthy scent, the more flavorful the mushrooms. Closed caps have a more delicate flavor while open caps with gills showing are more robust.
- Buy an amount of fresh mushrooms that you can use within a few days.
- Canned and dried mushrooms are good options to store for longer times.

**Types of Mushrooms**

Different varieties of mushrooms may be substituted in most cooked recipes.

- **White or button** - excellent both raw and cooked. Widely available. Varies in color from white to light brown and in size from small to jumbo. Mild flavor intensifies when cooked and as the mushroom becomes more mature. Also available canned and dried.
- **Cremini, crimini or baby bella** - firm texture. Ranges in color from light tan to rich brown. Rich, earthy flavor is more intense than that of white mushrooms.
- **Portobello or portabella** - large, mature cremini mushrooms. Deep, meaty flavor and firm texture. Tough stems are removed.

**Store Well Waste Less**

- Store mushrooms in a paper bag in the refrigerator. Avoid airtight containers that can collect moisture and cause the mushrooms to spoil faster.
- For best quality use fresh mushrooms within a week. Canned mushrooms usually have a ‘best by’ date on the can. Dried mushrooms keep their quality for up to a year in an airtight container in a cool, dry place.
- Dirt on mushrooms is normal. Clean mushrooms just before using. Use a soft brush or slightly dampened paper towel to brush off the surface or rinse very briefly under cold, running water and pat dry.
- Cooked mushrooms can be frozen. For best quality, use within 1 month.

Kids Can!

When kids help make healthy food, they are more likely to try it. Show kids how to:
- gently wipe or rinse mushrooms.
- use a cutting board to slice or chop vegetables.
- measure dry or liquid ingredients.
- use a long handled spoon or spatula to sauté safely.
